Phone: +91 98765 43210

LinkedIn: linkedin.com/in/rahulsharma

Objective:

Aspiring Machine Learning Engineer with 2 years of experience in Python programming, TensorFlow, and model training. Looking to contribute in AI research and development.

Qualification:

Bachelor of Technology in Computer Science and Engineering (2018-2022)

University of Delhi

Skills:

Python, TensorFlow, Keras, Scikit-learn, Machine Learning, Data Analysis, Pandas, Numpy

Education:

- Bachelor of Technology in Computer Science and Engineering, University of Delhi, 2018-2022, 8.2 CGPA
- Higher Secondary School, CBSE Board, 2016-2018, 90%

Experience:

- ML Intern at AI Labs (June 2021 - December 2021)
Developed predictive models using TensorFlow and improved accuracy by 15%.
- Data Analyst at DataCorp (January 2022 - Present)
Worked on data cleaning, visualization, and report generation.

Certifications:

- TensorFlow Developer Certificate, Google, 2022
- Data Science Specialization, Coursera, 2021

Projects:

Rahul Sharma - Resume

- Sentiment Analysis using BERT: Built a sentiment classifier using BERT transformer model achieving 90% accuracy.
- Image Classification: Developed CNN-based image classifier on CIFAR-10 dataset.

Internships:

- Machine Learning Intern, AI Labs, June 2021 to December 2021
- Data Science Intern, Tech Solutions, January 2020 to May 2020

Full Text:

Aspiring Machine Learning Engineer skilled in Python, TensorFlow, Keras, and scikit-learn. Experienced in developing machine learning models and data analysis. Completed internships at AI Labs and Tech Solutions with hands-on experience in real-world projects including sentiment analysis and image classification. Certified TensorFlow Developer and Data Science Specialist.
